# Yusif Memmedzade

## Web developer

I am a programmer seeking a
full-time position in the field of
computer technologies. I enjoy
learning new languages and
development techniques.
I am adept at the understanding
of data structures, algorithms,
back-end & front-end
developments as well.
I'm so attentive to
details at front-end,
accuracy , and pixel
perfect is important to me.

## Address

Azerbaijan , Baku , Hırdalan ,
Street 26 , Apt 9.
